## Request for Expression of Interest

### **Consulting Services: Preparation of Detailed Project Report (DPR) to Implement Ecotourism facilities in selected sites of Assam**

**June 2022**

**CONSULTING SERVICES**  
**EXPRESSION OF INTEREST (EOI)**

**1. Background**

Assam's population is expected to increase to 34 million by 2021<sup>1</sup> and continue to grow. A vast majority (86%) still resides in rural areas<sup>2</sup>. Catering to the demands of a rising population as well as meeting its developmental goals is going to be a major challenge for the state, especially in terms of managing the pressure on its forests and natural resources to meet those needs. It is also important to note that Assam is a primarily rural state, with 53% of its population engaged in agriculture<sup>3</sup>. Production of all crop types has been increasing<sup>4</sup>, and the majority of the rising population is bound to stay within the sector. This means that the pressure on forest areas to make way for more agricultural land is set to continuously increase. This also sets the stage for increasing instances of man-animal conflicts as people breach natural habitats to meet their needs. Further, the global issue of climate change is a major threat to Assam's rich and complex ecosystems. Forest communities that depend directly on forests will be especially vulnerable. This interrelated web of challenges being faced by the state needs urgent solutions. The Forest Department, being the custodian of the forests, operates at the juncture where people and natural resources interact. The department needs to address these challenges, while also increasing its capacity to do so.

To support the Forest Department of Assam in its endeavor to effectively manage its forest and biodiversity, the French Development Agency – Agence Française de Développement (AFD) and the State Government of Assam co-funded “Assam Project on Forest and Biodiversity Conservation (APFBC)”. Phase – I of the project was implemented between February 2012 and May 2019.

After successful implementation of Phase I, APFBC Phase II began in August 2019, with a budget of € 62.5 million (INR 500 crore). AFD will contribute 80% of the budget at € 50 million (INR 400 crore) and Government of Assam will contribute 20% of the budget at € 12.5 million (INR 100 crore).

**2. Project Description**

Forest Department in Assam is composed of three primary wings that manage the forest divisions – Territorial (33), Social Forestry (14), and Wildlife (8). The Forest department also has a Research, Education, and Working Plan (REWP) wing who are responsible for working plan preparation & forest resources inventory and assessment.

The Assam Project on Forest and Biodiversity Conservation Society (APFBCS), a Special Purpose Vehicle created by the Government of Assam and registered under the Societies Registration Act is mandated with overall execution, management, and coordination of the project activities through a Project Management Unit (PMU) established to implement the project. Project implementation sites- Forest Divisions and other entities- is considered as Field Implementation Units (FIUs). The PMU is supported by the Project Management and Monitoring Consultant (PMMC) for technical assistance and project monitoring. The overall vision of the project is that it contributes through the Forest Department to the conservation of nature for a “*healthier ecosystem and happier communities*”. This overarching vision/goal shall be reached through the following three main specific objectives:

- Developing participatory Sustainable Forest and Biodiversity management under changing climatic conditions

4 <http://planningcommission.gov.in/plans/stateplan/present/assam.pdf>

- Improving the livelihoods for Forest neighbouring communities through inclusive (collective and individual) supports
- Strengthening the Forest department to better fulfil its missions

**3. The APFBC Phase II project is divided into four major components. Brief description of each component is presented below:**

i. *Component 1: Conservation of Ecosystems:* the key focus of Phase II is conservation of forests and wildlife. The component is divided into two sub-components to ensure each receives due attention:

a. *Sustainable Forest Management:* activities will include

- State-wide forest resource mapping will be conducted to form a database of the state's natural resources and conservation needs.
- 12,500 ha of plantations,
- Setting up Climate Change and REDD+ processes and
- Improvement of infrastructure needed by frontline staff

b. *Biodiversity Conservation:* addresses the critical conservation needs of the rich biodiversity of the state through activities as

- Improvement of Protected Area management,
- Conservation efforts for a few key species (especially those that have not received enough attention so far),
- Outreach efforts to spread public awareness and
- Supporting the Assam State Biodiversity Board in making its Biodiversity Management Committees stronger.

This component will also contain a number of technological interventions aimed at enhancing the department's conservation efforts and effectiveness.

ii. *Component 2: Community Engagement* aims to

- Further strengthen the 136 existing communities from Phase I as well as support 125 new communities through training and supporting JFMC/EDCs for joint forest management and linking them with alternate livelihood options.
- Build market linkages to ensure that the livelihood interventions are successful and sustainable.
- Converge with existing government schemes to ensure forest fringe communities reduce their dependence on forest resources
- Form Self Help Groups and Joint Liability Groups to allow beneficiaries to function independently and reap benefits from the activities initiated under the project even after the project is over.

iii. *Component 3: Institutional Strengthening* addresses: Forest Department's most urgent institutional gaps, ensuring that it is equipped to deal with the complex challenges it faces.

Activities are as under:

- Conduct of a comprehensive HR study including strengthening of the legal cell, procurement cell and research and education cell
- Digitizing the department's work by strengthening the Forest Management Information System (FMIS),
- Improving the human resource module of the FMIS,
- Supporting the Forest Schools by addressing their infrastructural requirements.

e. Project management of Phase II.

iv. *Component 4: Climate, Gender and Social Inclusion:*

*Throughout the project activities, Climate, Gender and Social Inclusion will be recurring and cross-cutting themes for all activities. This is reflected in the Project's Environmental and Social Commitment, which will be fulfilled through the Environmental and Social Management System and the Gender Action Plan. The project is committed to ensuring fair gender representation as well as inclusion of vulnerable sections of all stakeholders, especially in case of its beneficiary communities. This translates to a participative approach wherever applicable, such as for microplanning with the community; and an inclusive approach inviting a broad representation of community members, such as in case of livelihood trainings. Considering the wide ambit of project activities which would interact with forests, biodiversity and other large infrastructural undertakings (equipment, vehicles, buildings, etc.), the Project shall closely monitor its activities to ensure alignment with its climate, gender and social inclusion commitments.*

**4. Expected Outcomes of the Project: The expected outcomes of APFBC Phase-II are as under:**

- Enhanced sustainable and participatory forest management under changing climatic conditions.
- Sustainable and participatory management of biodiversity/ecosystems.
- The improved livelihood of forest-dependent communities.
- Strengthened institutional capacities for inclusive management of natural resources.

**5. Project Documents:** Further details of the project, implementation arrangements, and the project documents are available on the project website [www.apfbc.nic.in](http://www.apfbc.nic.in) .

**6. The APFBC Phase-II recognizes that ecotourism is a proven tool for sustainable biodiversity conservation and poverty alleviation for the forest fringe communities. This is validated in the evaluation report of the APFBC Phase-I in the first five years by the Assam Forest Department<sup>5</sup>. The Ecotourism Strategy and Action Plan for 2021–2025 under Phase-II in a post-pandemic Assam maintains this recognition by sustaining the ecotourism principles namely:**

- a. Sustainable management of natural and cultural resources through managing the crisis and mitigating the socio-economic impacts on livelihoods by ecotourism
- b. Empowering local communities to participate, boosting competitiveness, building resilience, and benefit from ecotourism
- c. Developing ecotourism products by advancing innovation and digitization that satisfy visitors and position the state of Assam as a globally competitive ecotourism destination
- d. Fostering sustainable, inclusive green growth and biodiversity conservation
- e. Strengthening coordination, partnerships, and solidarity for the socio-economic recovery by environmental education and conservation awareness

The goal of the Ecotourism Strategy of APFBC Phase-II Assam is: *“Environmentally and socially responsible ecotourism development that safeguards the integrity and diversity of its natural resources, provides education and enjoyment to visitors and delivers larger and more widely distributed income and employment opportunities to the local communities and their constituents, especially the women, youth, indigenous peoples, and other vulnerable groups.”*

APFBC Phase-II has identified three major strategic directions for ecotourism development that are as follows:

- a) Development and marketing of competitive tourist products and destinations
- b) Improvement of market access, connectivity, and destination infrastructure; and

- c) Improvement of tourism institutional governance and industry manpower capabilities

Towards implementing the strategic directions, APFBC has carried out site selection based on a set of criteria that ensure the elements of ecotourism. The criteria are based on components such as natural assets, communities & culture, awareness & sensitization, infrastructure, skill development, institutional strengthening, marketing, and linkages. A total of 10 sites (approximate) has been selected in the State of Assam.

7. The [Assam Project on Forest and Biodiversity Conservation (APFBC)] [has received-] financing from *Agence Française de Développement* ("AFD"), and intends to use part of the funds thereof for payments under the following contract "**Preparation of Detailed Project Report (DPR) to implement Ecotourism facilities in selected sites of Assam**".

**8. Scope of the assignment:**

1. Examine the technical, social, financial, and economic feasibility of specific investments for community-based ecotourism development in ten (tentative) identified sites in Assam.
2. Conduct feasibility analysis:
  - i. *Business*: towards framing the required information in the form of resources, costs, benefits, and worthiness
  - ii. *Tourism*: existing tourism enablers in the sites and other factors that influence the demand and offer of tourist attractions
3. Prepare a Detailed Project Report (DRP) to implement ecotourism facilities and services development at selected sites in the state of Assam

**9. Tasks to be achieved:**

- (a) Identify the infrastructure needs/gaps in the selected sites and propose ecotourism products in 10 (tentative) identified sites. It is emphasized that the consultants should adhere to the ecotourism strategy prepared by the project.
- (b) Assess existing demographic and infrastructural scenarios in each of the selected sites
- (c) Assess the existing ecotourism scenario in each of the selected sites
- (d) Identify cultural/ heritage trails around the villages drawing on unique elements of the region like temples with vernacular architecture, folklore, and festivals and others. Undertake all necessary written and visual documentation and develop promotional materials. Identify at least 10 youth to be trained on managing the trail.
- (e) Collate, analyze, consolidate, and prepare reports basis consultations, meetings, and interviews undertaken and conducted throughout the planning process
- (f) Conduct SWOT analyses of sustainable ecotourism development in each of the target sites
- (g) Suggest a network of 'minimalist' homestays offering basic comforts and 'authentic' local experiences including cuisine and engaging local communities. Identify at least 10 such homestays including guiding owners on undertaking necessary refurbishments.
- (h) Suggest exposure visit sites for the selected youth to show case successful initiatives of community based eco-tourism
- (i) Plan proposals, land use zoning and frame the regulations considering the existing policy regime (wildlife, environmental, and social) in and around the sites and envisaged future development
- (j) Estimate the requirement of facilities, utilities, and social infrastructure to cater to ecotourism for the next two decades
- (k) Provide detailed designs that include construction drawings, detailed cost estimates, engineering drawings, bill of quantities (BOQ) for all proposed facilities/infrastructure/ecotourism products in each of the target sites. The technical specifications should be following the approved Indian Standards

on sustainable infrastructure designs and adhere to the applicable regulatory standards of the Government of India.

- (l) Prepare a budget to understand the costs and income of the ecotourism business at each of the selected sites in detail. The budget would provide revenues projection, operating costs, and startup expenditures needed for launching and running the ecotourism business.
- (m) Prepare a business plan to attract financing for the ecotourism startup or expansion of the existing business
- (n) Prepare a marketing plan that includes the seven Ps (i.e., product, price, promotion, place, people, process, and physical evidence) of business marketing
- (o) Prepare a plan to leverage the partnership and converge with the schemes of the Government line Departments to sustain the proposed ecotourism products. Develop and designs collaterals, including guidebooks (with maps, GPS locations, information on accommodation, amenities etc.), with conservation significance of identified products /trails /spots.
- (p) Prepare Ecotourism Education and Awareness Plan to increase the capacity of communities to understand and assess the potential of sustainable tourism
- (q) Prepare a sustainability and maintenance plan of the ecotourism facilities
- (r) Suggest possible ecotourism business structures, their advantages, and disadvantages to operate the ecotourism facilities in each of the target sites
- (s) Assess the capacity needs of the stakeholders in operating the ecotourism business at each of the selected sites and prepare a roadmap to develop the capacity
- (t) Formulate monitoring framework and indicators to measure the progress of the implementation of ecotourism facilities, monitor the community-based ecotourism initiative, and measure the success
- (u) Submit regular progress reports to the APFBCS on the preparation of DPR

**10. The APFBC Society hereby invites Applicants to show their interest in delivering the Services described above.**

**11. This Request for Expressions of Interest is open to:**

- Consulting firms (single bidders/ joint ventures/ consortiums),or
- Joint Venture/consortiums between consulting firm(s) (lead) and NGO(s) and Academia, with a consulting firm as a lead partner, or
- NGO(s)/ think tanks.

**12.** Eligibility criteria to AFD financing are specified in sub-clause 1.3 of the "Procurement Guidelines for AFD-Financed Contracts in Foreign Countries", available online on AFD's website: <http://www.afd.fr>.

**13.** The Applicant shall submit only one application, in its own name. If an Applicant (including JV/consortium partner) submits or participates in more than one application, those applications shall be all rejected. However, the same Sub-consultant may participate in several applications.

**14.** Experiences and qualifications of Subconsultants are not taken into account in the evaluation of the applications. Consultants engaged in the upstream activities of this project would not be allowed to participate unless explicitly approved by the client, and AFD NOC needs to be undertaken for the same.

**15.** Interested Applicants must provide information evidencing that they are qualified and experienced to perform those Services. For that purpose, documented evidence of recent and similar services shall be submitted.

**16. Determination of the similarity of the experiences will be based on:**

- The nature of the Services

- The contracts size;
  - The technical area and expertise
  - The location
17. The Client will also take into account for the evaluation of the applications the following items:
- Skills and availability of in-house technical backup experts.
  - Local representatives/ partners and their experience in similar projects in Assam
18. Among the submitted applications, APFBC Society will shortlist a maximum of six (6) Applicants, to whom the Request for Proposals to carry out the Services shall be sent.
19. **Clarifications/ queries regarding EOI, if any, will be entertained till 17:00 hrs. of 18th June, 2022.**
20. The Expressions of Interest must be submitted in English language not later than **28th June, 2022 till 16:00 Hrs** by email or hard-copy (soft copy in pendrive) to the address below :

### Form 4: Matrix template for evaluating Expressions of Interest

The table below will be used to establish the shortlist of Applicants. One table must be completed for each Applicant. For each experience submitted by the Applicant, check the boxes of the criteria which are met by the experience.

Name of the Applicant: \_\_\_\_\_

|                          | <b>Reference in Form 3</b> | <i>Experience in working on preparing management plans or detailed project reports on ecotourism facilities development in rural or wildlife settings (operation, design, evaluation, development, and implementation) in the last 5 years</i> | <i>Experience in implementing the management plans or detailed project reports on ecotourism facilities development in rural or wildlife settings in collaboration with stakeholders in the last 5 years</i> | <i>Experience in preparing marketing and communications plan on tourism or ecotourism initiatives in the last 5 years</i> |
|--------------------------|----------------------------|--|--|---|
| <b>[Experience A]</b>    |                            |  |  |   |
| <b>[Experience B]</b>    |                            |  |  |   |
| <b>[Experience C]</b>    |                            |  |  |   |
| <b>[Etc.]</b>            |                            |  |  |   |
| <b>Total<sup>1</sup></b> |                            |  |  |   |

The selection of Applicants to be shortlisted shall follow the rules as defined here below:

- The Applicant must meet the “at least” criterion provided in each column above; otherwise, the application will be disqualified.
- The ranking of Applicants is based on the greatest number of criteria fulfilled (boxes checked).
- For a Joint Venture/Consortium, the experiences of all members will be added together for a combined total.

<sup>1</sup> The "total" for each column indicates the number of experiences which meet the criterion.

## Form 5: Statement of Integrity, Eligibility and Environmental and Social Responsibility

(To be submitted with the application, signed and unaltered)

Reference of the bid or proposal \_\_\_\_\_ (the "Contract")

To: \_\_\_\_\_ (the "Contracting Authority")

1. We recognise and accept that *Agence Française de Développement* ("AFD") only finances projects of the Contracting Authority subject to its own conditions which are set out in the Financing Agreement which benefits directly or indirectly to the Contracting Authority. As a matter of consequence, no legal relationship exists between AFD and our company, our joint venture or our suppliers, contractors, subcontractors, consultants or subconsultants. The Contracting Authority retains exclusive responsibility for the preparation and implementation of the procurement process and performance of the contract. The Contracting Authority means the Purchaser, the Employer, the Client, as the case may be, for the procurement of goods, works, plants, consulting services or non-consulting services.
2. We hereby certify that neither we nor any other member of our joint venture or any of our suppliers, contractors, subcontractors, consultants or subconsultants are in any of the following situations:
  - 2.1 Being bankrupt, wound up or ceasing our activities, having our activities administered by the courts, having entered into receivership, reorganisation or being in any analogous situation arising from any similar procedure;
  - 2.2 Having been:
    - a) convicted, within the past five years by a court decision, which has the force of *res judicata* in the country where the Contract is implemented, of fraud, corruption or of any other offense committed during a procurement process or performance of a contract (in the event of such conviction, you may attach to this Statement of Integrity supporting information showing that this conviction is not relevant in the context of this Contract);
    - b) subject to an administrative sanction within the past five years by the European Union or by the competent authorities of the country where we are constituted, for fraud, corruption or for any other offense committed during a procurement process or performance of a contract (in the event of such sanction, you may attach to this Statement of Integrity supporting information showing that this sanction is not relevant in the context of this Contract);
    - c) convicted, within the past five years by a court decision, which has the force of *res judicata*, of fraud, corruption or of any other offense committed during the procurement process or performance of an AFD-financed contract;
  - 2.3 Being listed for financial sanctions by the United Nations, the European Union and/or France for the purposes of fight-against-terrorist financing or threat to international peace and security;
  - 2.4 Having been subject within the past five years to a contract termination fully settled against us for significant or persistent failure to comply with our contractual obligations during contract performance, unless this termination was challenged and dispute resolution is still pending or has not confirmed a full settlement against us;
  - 2.5 Not having fulfilled our fiscal obligations regarding payments of taxes in accordance with the legal provisions of either the country where we are constituted or the Contracting Authority's country;
  - 2.6 Being subject to an exclusion decision of the World Bank and being listed on the website <http://www.worldbank.org/debarr> (in the event of such exclusion, you may attach to this Statement of Integrity supporting information showing that this exclusion is not relevant in the context of this Contract);

- 2.7 Having created false documents or committed misrepresentation in documentation requested by the Contracting Authority as part of the procurement process of this Contract.
3. We hereby certify that neither we, nor any of the members of our joint venture or any of our suppliers, contractors, subcontractors, consultants or subconsultants are in any of the following situations of conflict of interest:
- 3.1 Being an affiliate controlled by the Contracting Authority or a shareholder controlling the Contracting Authority, unless the stemming conflict of interest has been brought to the attention of AFD and resolved to its satisfaction;
- 3.2 Having a business or family relationship with a Contracting Authority's staff involved in the procurement process or the supervision of the resulting Contract, unless the stemming conflict of interest has been brought to the attention of AFD and resolved to its satisfaction;
- 3.3 Being controlled by or controlling another bidder or consultant, or being under common control with another bidder or consultant, or receiving from or granting subsidies directly or indirectly to another bidder or consultant, having the same legal representative as another bidder or consultant, maintaining direct or indirect contacts with another bidder or consultant which allows us to have or give access to information contained in the respective applications, bids or proposals, influencing them or influencing decisions of the Contracting Authority;
- 3.4 Being engaged in a consulting services activity, which, by its nature, may be in conflict with the assignments that we would carry out for the Contracting Authority;
- 3.5 In the case of procurement of goods, works or plants:
- a) Having prepared or having been associated with a consultant who prepared specifications, drawings, calculations and other documentation to be used in the procurement process of this Contract;
- b) Having been recruited (or being proposed to be recruited) ourselves or any of our affiliates, to carry out works supervision or inspection for this Contract.
4. If we are a state-owned entity, and to compete in a procurement process, we certify that we have legal and financial autonomy and that we operate under commercial laws and regulations.
5. We undertake to bring to the attention of the Contracting Authority, which will inform AFD, any change in situation with regard to points 2 to 4 here above.
6. In the context of the procurement process and performance of the corresponding contract:
- 6.1 We have not and we will not engage in any dishonest conduct (act or omission) deliberately intended to deceive others, to intentionally conceal items, to violate or vitiate someone's consent, to make them circumvent legal or regulatory requirements and/or to violate their internal rules in order to obtain illegitimate profit;
- 6.2 We have not and we will not engage in any dishonest conduct (act or omission) contrary to our legal or regulatory obligations or our internal rules in order to obtain illegitimate profit;
- 6.3 We have not promised, offered or given and we will not promise, offer or give, directly or indirectly to (i) any Person who holds a legislative, executive, administrative or judicial mandate within the State of the Contracting Authority regardless of whether that Person was nominated or elected, regardless of the permanent or temporary, paid or unpaid nature of the position and regardless of the hierarchical level the Person occupies, (ii) any other Person who performs a public function, including for a State institution or a State-owned company, or who provides a public service, or (iii) any other person defined as a Public Officer by the national laws of the Contracting Authority's country, an undue advantage of any kind, for himself or for another Person or entity, for such Public Officer to act or refrain from acting in his official capacity;

- 6.4 We have not promised, offered or given and we will not promise, offer or give, directly or indirectly to any Person who occupies an executive position in a private sector entity or works for such an entity, regardless of the nature of his/her capacity, any undue advantage of any kind, for himself or another Person or entity for such Person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations;
- 6.5 We have not and we will not engage in any practice likely to influence the contract award process to the detriment of the Contracting Authority and, in particular, in any anti-competitive practice having for object or for effect to prevent, restrict or distort competition, namely by limiting access to the market or the free exercise of competition by other undertakings;
- 6.6 Neither we nor any of the members of our joint venture or any of our suppliers, contractors, subcontractors, consultants or subconsultants shall acquire or supply any equipment nor operate in any sectors under an embargo of the United Nations, the European Union or France;
- 6.7 We commit ourselves to comply with and ensure that all of our suppliers, contractors, subcontractors, consultants or subconsultants comply with international environmental and labour standards, consistent with laws and regulations applicable in the country of implementation of the Contract, including the fundamental conventions of the International Labour Organisation (ILO) and international environmental treaties. Moreover, we shall implement environmental and social risks mitigation measures when specified in the environmental and social commitment plan (ESCP) provided by the Contracting Authority.
7. We, as well as members of our joint venture and our suppliers, contractors, subcontractors, consultants or subconsultants authorise AFD to inspect accounts, records and other documents relating to the procurement process and performance of the contract and to have them audited by auditors appointed by AFD.
